

NEWEST TREND IN COSMETIC AND MEDICAL INDUSTRY LINDA ALFIERI L MEDICAL MINDS, LLC

FULL SERVICE HAIR RESTORATION ROBOTIC HAIR & FACE SURGICAL TRANSPLANT PROGRAM

Let us upgrade your med spa and medical practice to the newest trend in the cosmetic and medical industry. Our mission is to revolutionize the hair restoration industry. The Alfieri name has been popular, well recognized and respected for the past 50 years. As it has been well known, Mr. Charles Alfieri was an important innovator in the hair care industry for men and women. His participation in the industry has been just one part of the full hair restoration model and process.

This industry has created and developed new procedures and applications for the best and most successful new age hair restoration via robotic procedure intervention for the best result possible for every new customer. Due to the success of this new robotic process, this industry has increased to new levels of customer interest, that has made the hair restoration industry much more trusted, with a new confidence in the process that has created an ever increasing demand and has taken the industry to new levels of customer participation and satisfaction, for not only men but for women as well.
